Give Your Selfie a Message - Boldomatic for iOS Launches New Feature

It's a hot summer day and you're sitting in your backyard, firing up the grill. The photo of your steak on Instagram? Zero likes.

Dark clouds appear.

With the new [Boldomatic](#) version, the era of irrelevant and boring social media posts finally comes to an end. The new photo-bolding feature allows anyone to easily and quickly combine photo and text. You and other creatives around the globe can add greetings to vacation pictures, label adventures with emotion, and tag your

loved one with a silly nickname. And if you can't find the right words, you can help yourself to a stock of over 400'000 quotes.

Crowned as the Instagram for text, Boldomatic offers a platform for creatives and a community from over 170 countries that let's you express your thoughts free and unfiltered.

The update is available for free in the [Apple App Store](#) - ready to give your lunch photo some flavor, your party pic substance, and your selfie a message.
